It's All About the BUN

"These potato rolls also feature a pleasant springiness that can handle extra drippings or condiments without any serious risk of sogginess or full-on collapse."

– A Popular Foodie Website

"When we were coming up with the concept for [our restaurant], we wanted a bun that would complement the burger perfectly. Some buns just have too much bread, but Martin's gives our burgers the perfect meat-to-bun ratio."

– Executive Chef from International Restaurant Chain

"Perhaps the best overall bun is Martin's Potato Roll. The potato roll has a great flavor and is sturdier... than classic white buns. This sturdiness also allows the potato roll to maintain its structural integrity without being too hard."
